Chapter 1 by DJNOVA

"Where am I??" Goes Mike. "Uh, hello?? Hello??? Are you there? Uh, hello, I would to congratulate you for being here at, uh, Fazbear' s Entertainment.. uh, I just want to tell you...." Phone guy said. "JUST TELL ME WHAT YOU ARE TRYING TO TELL ME? I AM IN THIS OFFICE WITH 100% PERCENT BATTERY. YOU SAID I WOULD HAVE UNLIMITED!" said Mike. "I just want to tell you the animatronics move. Oh, and the closest one to you is in the supply closet...."

Chapter 2 by SaintSayaka

Mike shut off the game, annoyed. His friends had all but assured him that this game would be the best of its kind this year, that they hadn't been able to sleep for weeks. Mike was happy to know that he had made friends with a bunch of scaredy cats. Screaming at loosely animated robots diddled with scars and cuts hardly seemed to be a productive use of his afternoon.

He looked outside. The world was free to him. The phrase "your oyster" came to mind.

What to do, now that the "monsters" were safely contained in his laptop?

But, in the night something happened that chilled his bones.

He had snuck down to play the game, and he had just started to go to his save when something happened that chilled his bones.

On the save slot screen, he saw something different. Freddy, Nightmare Freddy, and all the others were waving at him and disappeared.

Just then, he heard some growling behind him. 'Must be my imagination.' He thought. He backs his chair away from the screen. **Bump.** He hit the least happy sight he ever saw...

Chapter 4 by SaintSayaka

He woke up with a start.

If you remember, Mike did not want to play FNaF, so him sneaking down into the basement to play it in secret makes absolutely no sense. It seemed like a logical conclusion to Mike, who was now sitting up in his bed and showered in a cold sweat. Not from the terrifying dream, actually. Just from the fact that he almost willingly played that awful game. He rolled back over on his side, happy to return to the world of sleep.

Little did he know that he would be getting little of that.

Chapter 5 by Legomanzak

Mike awoke at 11:45 that night, and couldn't fall back asleep. A little bit later, he checked his watch.

12:08.

He thought he could hear a faint mechanical breathing outside his door.

"I'm hearing things," Mike thought to himself.

Then the door burst wide open.

"THIS CAN'T BE HAPPENING! YOU'RE NOT REAL!" Mike screamed.

Nightmare Bonnie started creeping slowly towards him...

There he was, surrounded by darkness. He could hear a faint beeping of the device that monitored his heartbeat in the background.

But that was all, nothing but a beep, and then suddenly, there he was in his room again, this time he was afraid, was leaning against a door, he could hear that noise, that mechanical breathing.

As a child, he went to his bed and hid under the covers, so there was a creak, was a door opening. He did not want to look, but when removed the blankets of his head, his hands shaking, the two bedroom doors were open and he saw two bright eyes passing in the right hall, and when he looked forward, there was Foxy in the closet, staring at him without even moving.
